

Project Plan: Algorithms for String Matching with Gaps

S. Tudent

T. Hesis

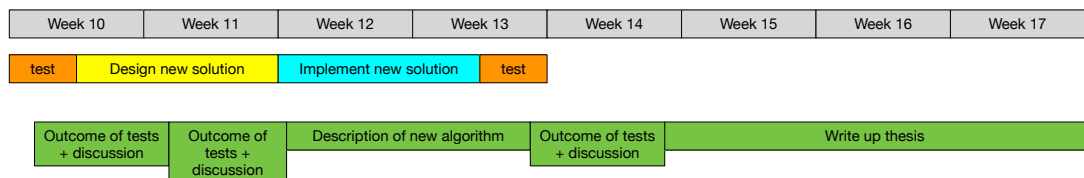

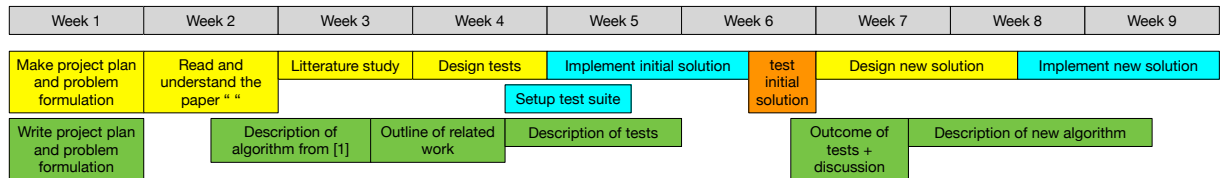

1 Overall Project Plan

A project plan can look like this:

Week	Activity
1	Write project plan and problem formulation
2-3	Read and understand the paper ” ..” + litterature study Thesis: description of solution + outline of related work
4	Design tests + setup test suite Thesis: Description of tests
5-7	Implement and test initial solution Thesis: tests + discussions of the results
8-10	Implement and test ideas for improvement Thesis: Description of improved algorithm + test and discussion
11-13	Implement and test ideas for improvement Thesis: Description of improved algorithm + test and discussion
?	Finish writing thesis

2 Overall Project Plan

Or like this:

Or something else. The format is not important.
